- (b) he applies to that other person a requirement or condition which he applies or would apply equally to persons not of the same ethnic group as that other person but—
 - (i) which is such that the proportion of persons of the same ethnic group as that other person who can comply with it is considerably smaller than the proportion of persons not of that ethnic group who can comply with it; and
 - (ii) which he cannot show to be justifiable irrespective of the colour, race, nationality or ethnic or national origins of the person to whom it applied; and
 - (iii) which is to the detriment of that other person because he cannot comply with it.

(2) A person also discriminates against another person if, in any circumstances relevant for the purposes of any provision referred to in subsection (1)(b), he applies to that other person a provision, criterion or practice which he applies or would apply equally to persons not of the same race or ethnic or national origins as that other, but—

5. Comparison of persons of different ethnic groups
